

The 1879 Society

In 1879, The Grove Preparatory School for Boys opened its doors to 15 students marking the beginning of what would become the Lakefield College School of today.

In honour of this humble start, and the foresight of our founders, the Lakefield College School Foundation has established The 1879 Society to recognize and thank donors who have made provisions through their estates for future gifts to support Lakefield College School.

It is with great appreciation and unending gratitude that we recognize alumni, family and friends who, inspired by their affection for LCS and belief in its future, have made a provision for LCS in their Will or estate plans.

Lakefield College School also extends its heartfelt gratitude to the following individuals and families whose estate intentions have been realized and fulfilled. It is because of their thoughtful and forward-facing generosity that our students, both current and future, are able to experience the Lakefield College School of today.

Members of the The 1879 Society include donors of bequests, life insurance, real estate, charitable remainder trusts, charitable gift annuities or the proceeds of a RRSP/RRIF. All gifts, regardless of the amount, will help ensure that Lakefield College School is prepared to meet the challenges and opportunities of the future.
