Details needed before you make a payment of any kind
All methods of payment require a unique *Student Record ID* for each student, which is available from:

- any student account statement issued by Lakefield College School; or,
- refer to your child's acceptance letter; or,
- our Admissions team at admissions@lcs.on.ca for all Registration Fee payments.

Payment Options

A. For those with a Canadian bank account

1. Online banking, it is fast and adds no additional bank fees for a payment. Please visit your personal online bank – Add Lakefield College School as a payee. When asked to put an account number in, please input the student id number, this will identify the payment for that student account.
2. Credit card payment through *Flywire*, which is a third-party partner with LCS. At a cost of 2.5% for credit cards or a cost of 1.5% for debit cards, you can make secure online payments to our student accounts.
3. Cheque, bank draft, or money order, which is slower but may also be free of additional bank fees.
4. Wire Transfer, please see full instructions below.
   Not recommended: Canadian banks will also offer to accept payment for Lakefield College School, e-transfers, or to do direct bank to bank transfers. These options are not recommended as LCS is not provided sufficient details for the school to know what student the payment is for.

B. For those with an international bank account

1. *Flywire* our third-party partner. Flywire lists all fees up front in the currency of your choice, and guarantees that the correct amount arrives quickly in your LCS account in Canadian dollars. Their exchange rates and bank fees are often lower than any other international money transfer options. Numerous payment methods offered, including credit card.
2. We also accept wire transfers. Please note that wire transfers often arrive with incomplete funds due to hidden bank fees and exchange rates that change after the transfer is initiated. Wire transfers can also take several days to arrive.

It is very important to include the correct Student Record ID with each payment to ensure the payment is credited to the account.

If there are any questions about the banking information given above, please contact Danielle Morrell in the Business Office at dmorrell@lcs.on.ca or by telephone at 705-652-5941.
